

MODERN COMFORT

summer's best recipes, *shared simply.*

Welcome to our table. Here at Modern Comfort, we believe cooking doesn't have to be complicated. Crafting delicious menus for weeknight meals, lazy brunches or Saturday afternoon cookouts with friends can be easy—just follow our step-by-step recipes and expert tips, and let the season inspire you.

For this premiere edition, we chose recipes that highlight summer flavors: farmers market veggies, flame-kissed meats and bright berry desserts, to name just a few. And you'll find some surprises, too. We'll show you how to grill pizza, can your own pickles, bake airy cream puffs and whip up a meringue-topped tart. Making delicious, impressive meals is easy!

We get our recipes from real people and test and taste them in our test kitchen to make sure they'll be delicious and beautiful for you, too. We are excited to have you join us on our mission to bring simple comfort back to the kitchen. Whether you're an expert or a new cook just starting out, you'll find what you need right here.

We are so pleased to meet you!
